

## **DTSC Proposed 2014/15 Revised Budget**

**April 1, 2014**

### **Permitting**

- DTSC has requested additional funding to implement the Permitting Enhancement Work Plan
- This additional funding will provide five two-year limited term positions that will implement the Work Plan which is a comprehensive road map to guide DTSC as it works to implement reforms needed to make its permitting system more effective and equitable by:
  - Create and implement a standardized and timely permitting process
  - Draft clear and objective criteria for making permit denial or revocation decisions
  - Update and document policies
  - Craft clarifying guidance documents
  - Update the permit writer's manual
  - Draft model permitting documents in a shared library
  - Create and provide training
  - Establish a process of working with sister departments
  - Establish performance metrics
  - Create a public reporting system to track progress
  - Developing a more robust and meaningful strategy for addressing the needs and concerns of Environmental Justice communities

### **Specifics for this BCP:**

In FY 2014-15 DTSC is requesting 5.0 two year limited term positions and \$699,000 for this BCP.
